**Director’s Report** – Darlene Alessi
The Director submitted a written report for the record, and discussed the following highlights of the month:

**Personnel:**
- The Adult Bingo program was successful.
- The Director informed the Board that a staff member has been given several notices regarding job performance.

**Building:**
- *Artistic Floors* finished carpeting the circulation areas and the administrative offices.
- The purchased new desktop microform viewer/scanner machine will replace the large old machines.
- The overgrown bushes by the parking lot entrance were trimmed down exposing the faded Library signs. Rather than replacing the aluminum letters, Jack Sciranka will sand and repaint them.
- *All Bright Electric* installed solar lights in front entrance.
- Carlos Martinez from *Bridges* will be in contact after he reviews the café contract.
- The Women’s Club of Suffern purchased the gazebo for the outdoor patio.

**Future:**
- The Director announced that she will be working with some committees to create a scope of work for landscaping and snow removal bids.
- Research engineering companies for updating the Library’s HVAC system through grants.
- The Director reported that the *Ramoapo Catskill Library System* (RCLS) is implementing changes to their *IT* (hardware and software) and *ILS* (catalog) services to its member libraries. The Director asked the Board to review the *RCLS IT* and *ILS* contractual agreements distributed for discussion. A decision must be made whether the Library will utilize *RCLS IT* services or consider hiring budget wise, an in-house IT professional. The new *ILS Agreement* will only offer service to fully supported computers. Both *RCLS IT* and/or *RCLS ILS* contracts whether accepted and/or declined are due to *RCLS* by August 1, 2022.
- Darlene is working on a marketing plan for the café and a groundbreaking event for the outdoor patio.

A brief discussion followed regarding keeping or removing the vending machines located in the café area once the café is opened. Darlene noted that a decision can be made when the café hours of operation are known.

Darlene Alessi announced that a 30-yard dumpster was delivered at the Library to dispose stored items not needed, outdated equipment and old furniture in the storage area and café area so as to create space and organization.

The Director noted that a building permit will be needed and possibly a building Planning Board approval or site update. The Planning Board fee is $300 for the application.
